Dear Respected Parents,

Welcome to LIS! My name is Hiba El-Ghazali and I am honoured to be teaching your child Arabic in (Gr.2, 3,4,5) and **Quranic Arabic in the Quran program** to enhance Quran comprehension. I obtained my Bachelor of Science degree from the University of Waterloo. I am also the proud mother of three girls who all attended and graduated from LIS; and this year will be my ninth-year teaching at LIS. My goal, with Allah's (SWT) help, is to use fun, innovative ideas to elevate my students' levels in the Arabic language and to help them find the beauty in the language of the Quran. Also, the Qaeda Annourania (القاعدة النورانية) will be applied as it is a great tool to improve students' "tilawah" (Quranic reading) skills.

Textbook(s) and Essential Resource Materials:

1. IQRA' Arabic Reader Textbook (1) اقرأ كتاب الطالب (Must be returned at the end of the school year)
2. IQRA' Arabic Reader Workbook (1) اقرأ كتاب التدريبات (For students to keep)
3. Annourania textbook ( used in class)

**Important note:**

**At the beginning of the year, I plan to build the students' foundation in Arabic by teaching or reviewing basic language structures with them. Then I will be sending home monthly calendars to outline curriculum expectations based on their grades using the textbook and workbook. Some students from the English stream will be considered ASL students and will receive extra help with Mr. Zafer in 2 of the 3 Arabic classes per week.**

Monthly or Bi-monthly Calendar

There will be reading, spelling, and vocabulary quizzes, every unit. For each quiz, students will get a chance to practice and review during class. Please take time to read the calendar posted on the LIS website [www.londonislamicsschool.com](http://www.londonislamicsschool.com) by clicking on my picture under rotary teachers for more details. I kindly ask that you remember to sign any given quiz or test.

Student Supply List

The school will provide the students with a mailbag that includes the necessary school supplies such as notebooks, pencils etc.

Assessment and Evaluation

I am looking forward to an exciting year full of fun learning experiences with your child. With moral support at home, I know we can reach our goal! May Allah help us to make it a very successful year.

Evaluation	Percentage
Reading	50%
Vocabulary	20%
Dictation	20%
Oral Communication & Participation	10%

Please do not hesitate to contact me through the school secretary if you have any questions or comments about your child's progress. Thank you for your cooperation in advance.

Sincerely,

*Hiba El-Ghazali*
